QL-720NW

brother
at your side

Print out labels quicker than you can type them.

QL-720NW
Professional Wired and Wireless Label Printer

Having both wired and wireless networking, the QL-720NW is the professional solution for labelling on demand.

- Print up to 93 labels/minute and up to 300 x 600 dpi
- Wired and wireless network connectivity
- Plug and Print feature
- Built-in automatic label cutter
- Includes 2 rolls of labels and software

10/100 Base-TX Network
Offers the most reliable networking connection for sharing between multiple users.

Print labels the size you need
Create labels from 12.7mm up to 1 metre in length, using the built-in automatic cutter.

Easy to change rolls
Each roll is supplied on a spool that simply slots into the correct position in the printer every time.

Up to 300 x 600 DPI print resolution
Produce easy-to-read labels with crisp text and high quality graphics.

Wireless & USB Interface
Connect to one PC using the USB interface, or multiple PC's using wireless LAN.

Up to 93 labels/minute**
If you are printing one or several labels at a time, the QL-720NW will have them ready in just a few seconds.

Give your company a professional image

Achieve a more professional finish and improve office efficiency through the use of labelling.
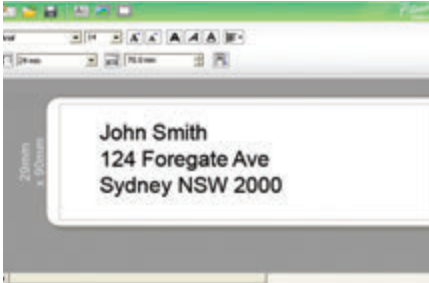

Envelopes, packages and parcels can be professionally addressed using one of the many sizes of label available, and can even include your business logo if required. Within your organisation, ensure important information can be located quickly through the clear identification of files, folders, CD and DVD discs.

** 93 labels/minute print speed does not apply on Editor Lite mode

Professional built-in wired & wireless networking

Networked devices offer much more flexibility than a single user solution. Multiple users can now connect to one machine, so all can benefit by producing professionally printed, customised labels whenever required. By offering both wired and wireless networking as standard, the label printer can be placed anywhere within your organisation.

P-touch Editor Lite LAN

This networked label design software is easy to set up and use. Simply copy the files to a shared network drive that all users have access to, and when first run it will automatically find the networked QL-720NW and place a shortcut on the user's PC. No printer driver or software needs to be installed on each user's PC.
P-touch Editor 5

This professional label design software offers integration with Microsoft Word, Excel and Outlook so you can print labels directly from these applications. Simply highlight the address, text or information you require, then click the "P-touch" icon in the toolbar to print your label immediately. Barcodes, graphics, frames and other information can be added to your labels, whatever your requirements may be.

Brother iPrint & Label

With the free Brother iPrint & Label app, you are now able to quickly and easily create and print labels directly from your iOS or Android device to your Brother QL-720NW. Available through your device's app store.

### Brother Software (BR Admin Light)

Currently used by network administrators to configure Brother inkjet and laser printers, this powerful software can now also be used to set-up and install the QL-720NW onto your corporate network, making one solution for all Brother networkable products.

DK LABEL

Pre-Sized Paper Labels

DK TAPE

Continuous Label Tape

QL-720NW

Effortless label printing - for all applications

The QL-720NW uses Brother DK label rolls. Supplied on a spool that incorporates a roll guide, this ensures that the label is always installed correctly, and recognises the size of label inserted, and you get none of the alignment problems associated with printing labels in a traditional printer.

So whether you are printing just one label, or several at a time, the Brother QL-720NW ensures each label prints perfectly, time after time.

Technical Specifications

Hardware

Print Speed	150 mm/sec ¦ 93 standard address labels/min
Print Resolution	300DPI
Control panel buttons	4: (power, WiFi, feed, cut)
Interface	10/100 Base TX Wired LAN ¦ USB 3.0 (full speed) IEEE 802.11b/g/n Wireless LAN
Cutter	Durable auto cutter
Print Method	Direct thermal
Power supply	Internal power supply
Roll type	DK rolls (DK die-cut labels / DK continuous length tape)
Max. roll / print width	62 mm / 59 mm
Min. /Max. label length	12.7 mm / 1 metre

Software (P-touch Editor 5)
